## Condolences from Classmates

**Carol Malcolm** Darlene was the first person in our class to invite me to be her friend on facebook. I have been missing her comments. I hope she is now at peace.

**Paul J. Wigowsky** Glad to have met Darlene at the 55th Reunion.

**Jean Gregory Slattery** Oh no! Darlene, **Tanya Mayer** and I hung out together a lot. They threw a surprise 15th birthday party for me in her basement. We had talked about meeting for lunch, but never coordinated the three of us.

**Sheldon Wong** @ **Jean** You bring up an important point in that if there is someone you want to see, get a hold of, visit, etc., then do it now as we just don't have the luxury of time anymore. That was one function of our breakfast club gatherings. Someone you want to...

**Kay Conway** So sad to hear another classmate has passed. I remember her so well in high school. Like **Judy Graham Fajardin**, I remember her as being a very nice and friendly person. Prayers and condolences to her family and friends.

@ **Kay** It was **Brenda** who asked about **Darlene** and got a response from her daughter that **Darlene** had passed away on Saturday. We knew that she was having some health issues for a while now. Health issues at our age can't be a good thing.

**Kay Conway** It was nice of Brenda to inquire about Darlene as we hadn't heard from her in a long time. So sad and surprised to hear that a former classmate, **Darlene Puertolas** has passed. I remember her so well in high school. Like **Judy Graham Fajardin**, I remember Darlene as being a very nice and friendly person. Prayers and condolences to her family and friends.

**Sheldon Wong** @ **Jean** I wrote to Raggy about Judy's passing, and she wrote back that her first job was as an operator for the phone company and her supervisor was Judy. So many of our classmates spent some time with Pac Bell..

**Paul J. Wigowsky**

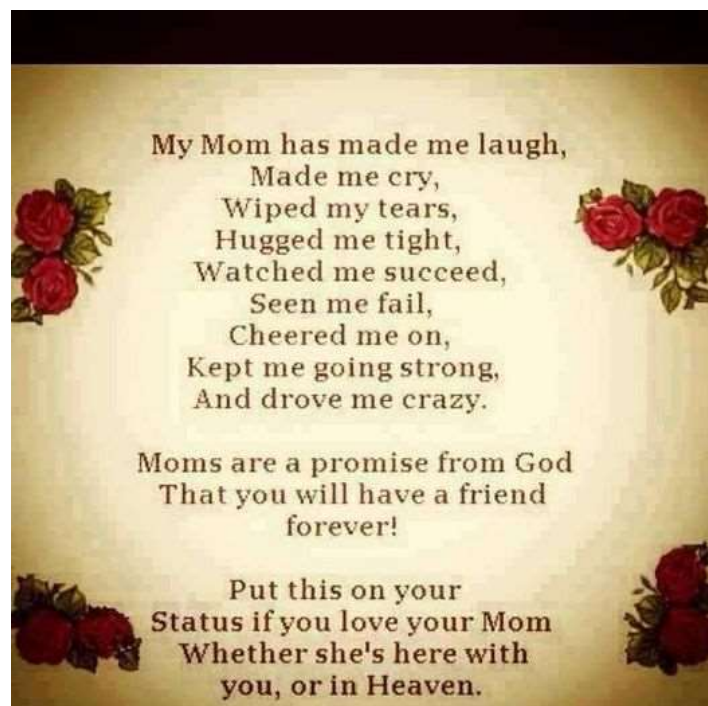

Tanya sent photos to Sheldon, who sent them to me: "Sheldon: here are some photos of Darlene Bain. In two that's Darlene and me. One is with Dick Clark, he brought American Bandstand to Treasure Island. That's me with two blond guys, Jan & Dean who were the featured group.
